## **Best Practice during the session 2020-21**

### **Practice-I**

#### **Title of the Practice: Tree Plantation Programme**

#### **Objective of the Practice**

The main Objective of the Practice to provide eco-friendly environment in premises and pollution free campus. The NSS Unit is organised Tree Plantation Programme in every year basis. Tree Plantation help to provide the Green landscaping in huge area of our premises. It also beneficial for pollution free campus.

#### **The Context:**

As many students learning in college premises, fresh air is needed it definitely helpful for better environment in college premises.

#### **The Practice**

- Tree Plantation Programme undertaken by the NSS Department every year during the monsoon season.
- Various types of big and small plants and trees planted in different area.
- In 2020-21 the total expenditure about the Tree plantation programme was Rs. 2250/-.
- The Tree plantation needs regular care for watering of plants.

#### **Evidence of success:**

There are hundreds of big and large Neem, Ashoka, Banyan trees etc., are growing well in our premises. Many flowering plants spreads colours and pleasant fragrances, it makes very beautiful scenes in our premises.

## Practice-II

### Title of the Practice: Cleanliness Programme

#### Objective of the Practice

The main Objective of the Practice to keep the clean and Green college campus. The NSS Unit is organised Cleanliness Programme in every year basis on various occasions such as Saint Gadge Baba Anniversary, Mahatma Gandhi Anniversary, Republic day, Independence day, Marathwada mukti sangram day etc. This programme provide awareness among students about cleanliness practice and they taught to treat environment as their friend. The main aim of this practice is to aware the students regarding the conservation of nature and our responsibility to keep clean and save environment. It also beneficial for plastic free campus.

#### The Context:

In the recent time, is being rapidly destroyed by the man made things. Therefore, it is immensely important to clean our environment and make plastic free campus to preserve the nature in all possible ways. As many students learning in college premises, this is humble attempt to aware the student about the importance of nature through cleanliness practice.

#### The Practice

- Cleanliness Programme undertaken by the NSS Department every year on various occasions such as Saint Gadge Baba Anniversary, Independence day, Marathwada mukti sangram day etc.
- Various kinds of unused materials and tree waste clean every year,
- In 2020-21 the total expenditure about the Cleanliness programme was Rs – 4,500/-.
- It keeps college campus clean and plastic free on regular basis.

#### Evidence of success:

All the waste materials from trees and plants keep on clean regularly; therefore it makes our College premises more clean and beautiful. Due to that our premises becomes plastic free and finally it will helps us to become healthier.
